EUROPEAN FLY FISHING ASSOCIATION

United by true passion

Newsletter 2022

Hello all

I hope that everyone has had a good and successful start to the 2022 season.

We have also been working and the new homepage so far that we are ready for a launch.

Of course, not everything is perfect yet and mistakes will be found in it.

The intention was to lay a new foundation for the years to come and to improve navigation.

EFFA cannot be reinvented, but a facelift was necessary in our eyes.

We are always glad to receive criticism and suggestions. We will incorporate what can be implemented and is within the strategy.
Please e-mail to me: d.difronzo@bluewin.ch

Deadline 2022-June-13

We would like to replace some pictures, especially those on the internal page. We will be launching a competition for this purpose in the next few days.

There are some important changes for the internal site.

You now have to log in with your e-mail address. The password can be the same as before. This has the advantage that the e-mail address is always correct..

If it doesn't work, you can click on "Forgot password" and then generate a new one..

If you move, change your phone number etc., you can make these changes yourself without any problems on the internal site under "User Profile".

If someone cannot log in, please send an e-mail to Ferdy Geerdink geerd060@planet.nl and you will get help.

At this point I would like to thank Kari Brunner, who has done an enormous job in realising the new website, and of course Ferdy Geerdink, who had to clean up the whole administration.
Without you this would never have been possible.

I would also like to thank all those people who were involved in the process in some way.

Have fun

Daniele

Many thanks to our main sponsors for their generous support also in 2022.
