Here is some important information for you:

The passage that allows us to elect a president from outside Switzerland has now also been prepared.

We have received broad support for this idea on the boards and are convinced that the change will be accepted.

The new passage reads:

The European Fly Fishing Association (EFFA) is a non-profit organization according to Art 60 ff of the Swiss Civil Code.
The registered office of the association is in Switzerland, which is why at least one Board member must be resident there. The residential address of the Swiss Board member is deemed to be the registered office of EFFA for tax/legal purposes.

The objection period has expired:

We have received no objections and will therefore proceed to the election in the coming weeks. This will also pave the way for future candidates outside Switzerland.
